## New World Order – One World Government

[“Now you know the secret that has been passed down through the ages. The Ancient Magi, the Adepts of the Mystery Religions, the followers of Confucius and Zoroaster, the Templars, the Rosicrucians, the Illuminati, and the Hermetic Freemasons all worshiped Lucifer. In return, he gave them wealth and power: Most Masons have no understanding of the mysterious Arcanum Arcanorum, but they are used by those who do. The occult religions are only part of our problem. The Council on Foreign Relations, the Bilderbergers, the Trilateral Commission, the Club of Rome, and almost all of the other groups listed in chapter 2 can be traced back to (worship of ) the occult.”  
“Six of our last nine presidents have been members of the Council on Foreign Relations, and at least five of our last eleven presidents have been Masons.” – “Brotherhood of Darkness” by Dr. Stanley Monteith]

For many decades we have been maneuvered toward a **one-world financial system**. The International Monetary Fund (IMF) promoted the “Bancor” currency since the 1940’s.

Also, the International Monetary Fund (IMF) issued a report Thursday on a possible replacement for the dollar as the world’s reserve currency.

The IMF said Special Drawing Rights, or SDRs, could help stabilize the global financial system.

SDRs represent potential claims on the currencies of IMF members. They were created by the IMF in 1969 and can be converted into whatever currency a borrower requires at exchange rates based on a weighted basket of international currencies. The IMF typically lends countries funds denominated in SDRs

While they are not a tangible currency, some economists argue that SDRs could be used as a less volatile alternative to the U.S. dollar.

[Dominique Strauss-Kahn, managing director of the IMF, acknowledged there are some "technical hurdles" involved with SDRs, but he believes they could help correct global imbalances and shore up the global financial system.](#) – CNN Money 2-10-11

Russia, China, Malaysia, Indonesia, Thailand, Kazakhstan and other countries are pushing hard for a one-world currency. The Euro is predicted to replace the dollar as the standard world currency within the next 5 years.

United Future World Currency Coin (Back/Front)

Introduced by Russian President Medvedev

It will probably happen even sooner than that now that President Obama is in a position of power to actively work toward that end.

## One World Justice System

International Criminal Court – The Hague, Netherlands

On March 4, 2009 history was made when the ICC, International Criminal Court, The Hague, Netherlands, issued an arrest warrant for a SITTING PRESIDENT. Al Bashira of the Sudan deserved to face criminal charges. But it threatens the sovereignty of every leader in the world. The ICC has been searching for ways to bring charges against Israel. This opens the doorway for them to do so.

# One World Religion

## 2010 – Madrid Spain

"I never expected anything like it" was the comment of one Pakistani Muslim attending the World Conference on Dialogue organized by the Muslim World League and hosted by Custodian of the Two Holy Mosques, King Abdullah of Saudi Arabia.

He could have been speaking for most of the participants at what is proving to be quite an extraordinary experience.

Almost all agree that the diversity of clerics and other delegates is nothing short of remarkable. In addition to those from every corner of the Muslim world and of every variety (Sunni muftis, Shiite imams, jurists, academics, and more) there are innumerable bishops, priests, theologians and lay people from all Christian denominations and all parts of the world, plus a veritable phalanx of rabbis (European, American, and Israeli) not to mention Hindu priests and Buddhist monks. Doubtless, there are others as yet undiscovered.

The Roman Catholic Institution started uniting all religions under its own leadership. In 1986 Pope John Paul II gathered all the world's religious rulers together in Assisi, Italy. There were snake worshipers, fire worshipers, spirit worshipers, animal worshipers, Buddhists, Muslims, Hindus and Witch Doctors. The Vatican's fate was sealed when the Pope allowed the Dalai Lama to place a Buddha on the altar of St. Peter's church in Assisi.

## The Vatican Wants One World Government

In 1990, a former Vatican-insider claimed that a titanic struggle was being waged to bring about a world political system. **This contest**, the now deceased Jesuit explained, **was primarily between three players: international Leninism, transnational business, and the hand of the Vatican.**

In the summer of 2009, the Holy See's political cards were revealed in a major papal document. On July 7th, Pope Benedict released his new encyclical titled *Caritas in Veritate*, or "Charity in Truth." Two years in the making, this document was disclosed on the eve of the G8 Summit in Italy and the Pope's meeting with US President Barack Obama. Some 30,000 words long, this encyclical outlined the Pope's concerns regarding globalization and economics, corporate ethics, and the role of the Catholic Church in promoting social doctrine.

[Harkening back to Malachi Martin's talk of world government, the most powerful religious office on the planet had promoted a world political authority to manage the global economy. Food security, disarmament, and peace would follow suit.

"Most of us are not competitors... **We are the stakes**. For the competition is about **who will establish the first one-world system of government....** No one can be exempted from its effects. **No sector of our lives will remain untouched.**" ] –Malachi Martin (A Professor at the Vatican's Pontifical Biblical Institute).
